Oscar Films - Sleep

Working Practices and Legislation

4.2 Explain why copyright is important in the film industry

Why does copyright law exist?	To protect intellectual property
What kind of work is covered by copyright?	Film, music & business ventures.
What might happen if you were to use copyrighted material in your film?	You could get sued
How can you make sure not to infringe copyright law in your film?	You check all of the possibly copy righted material.
How has copyright law and other IP regulation affected your film production?	The title may already be taken, and the music may be copy-righted.
